NEW BUSINESS

A. Policy Committee Recommendations:

- Chapter 3 Behavioral Policy Revision – Laurie Martin presented the new Behavioral Policy. She explained that reviewers are suggesting that there be a section in the policy that provides positive proactive strategies for school aged students to follow at home. The definition for chemical restraint has changed from medication that was given for behavioral reasons to when any medication initially presumed to not be a chemical restraint results in a general or non-specific blunt suppression of behavior, the provider is to alert the individual's Service & Support Administrator. The Policy Committee will recommend the revised Chapter 3 Behavioral Policy as presented to the board for approval.
