complete this process, you need access to a printer as well as a scanner. The registration process will take approximately 15 minutes to complete.

You need your bank account information. You will also be prompted to fill out a W-9 (link provided at the website)

Once you are assigned a Supplier Number, you will need to upload a copy of an email or screenshot of your account showing your name and assigned Supplier Number in the document upload.

If more information is requested, DODD will contact you via email to let you know and give you a timeline to submit what is being asked for. If you fail to submit the needed information within the timeline, your application will expire, and you will have to start over again.
